

Dance Elite All Stars 2017-2018 Company Team **Audition Results**

Dancers & Parents,

We thank you all so much for auditioning for our company teams. We had a record turnout of over 130 dancers and we are excited to begin planning our new season. We realize that everyone may not be happy about the results of our auditions. The judging/teaching staff took a careful look at each dancer and we also took into consideration our experience with each dancer over the entire season. Please note that in each decision we have the dancer's best interest in mind as we don't want to advance a student before they are ready. At the same time if a dancer shows great growth and potential then we may advance them into a higher age division/level if we feel they are capable. We thank you in advance for respecting our decisions as dance professionals with many years of instruction & experience under our belts. We are currently working on pairing instructors with teams as we put together our 2017-2018 class schedule that will be released soon after Spring Break is over and before V.I.P. Registration/Student Appreciation Day on Sunday, May 7th.

If you have any questions about the results of the auditions please email me directly at director@danceeliteallstars.com. We ask that you do not call or text the instructors directly with questions/complaints about the audition results. Please email me directly first and then I will get you in contact with the instructor or we can set up a meeting to further discuss the results. Because we are entering spring break we may not be able to schedule a meeting until after the break. We also ask that you "sleep" on the results before contacting us so you have more time to digest the outcome and to gain perspective. Occasionally we may accidentally leave a dancer off of a certain team. This rarely happens but occasionally does so please do not be afraid to reach out if you think this may be the case. Thank you again for auditioning! Looking forward to our best season yet!

Sincerely,

Faith Gardner

Director, Dance Elite All Stars
